25 April 2024

To Whom It May Concern,

This letter is to certify that Ganesh Sriitheran Paneerselvam has submitted a manuscript to *PLOS ONE*, "Enhancing medication management in hemodialysis patients: exploring the impact of patient-centered pharmacist care and motivational interviewing," which has been accepted for publication in the journal. The article's DOI is 10.1371/journal.pone.0300499.

PLOS ONE (plosone.org) is a scholarly, peer-reviewed journal published by the Public Library of Science (PLOS), a leading not-for-profit publisher of Open Access journals. *PLOS ONE* is characterized by rigorous professional peer-review, consideration of a wide range of articles from science and medicine, and open-access: making cutting edge science freely accessible to the public. Today, *PLOS ONE* is one of the largest journals in the world.

The journal launched in 2006 and its editorial criteria focus on the technical quality of the work rather than on any subjective judgments such as perceived impact or relevance to a specialist field.

Yours faithfully,

A handwritten signature in black ink, appearing to read "E Chenette".

Emily Chenette, PhD
Editor-in-Chief, *PLOS ONE*
